MY SOUL · MY CITY · MY WORLD

AWAKE is a weekend of mission and renewal for the whole church. Through training and local outreach, our hearts will be awakened to the love of God, to the needs of our city, and to God's heart for the world.

It's a call for new life for every generation. Working in close partnership with our local church, MB Mission and the C2C Network will facilitate worship, teaching, team discussions, prayer and workshops that will help us take practical steps to be a light in our city and in our world.

## FRIDAY: AWAKE MY SOUL

We begin on Friday evening at 6:00 PM with a session to focus on renewing our love for God and surrendering to his work in our lives. We sleep in our own homes or we are billeted with new friends.

## SATURDAY: AWAKE MY CITY

In the morning, we will explore the needs of our own city and how the Gospel is good news at home. We will be trained in how to share our faith in word and deed.

During the afternoon, we will divide into teams and participate in ministry opportunities that each church has designed. We will take new risks of faith in sharing the love of God with our community.

In the evening, we will share stories from the day and intercede in worship and prayer for those we met.

## SUNDAY: AWAKE MY WORLD

On Sunday morning, AWAKE continues in our local church. Our focus will be beyond our city and country, asking God to awaken our hearts to global mission, the least reached, and all that he is calling his people to participate in.

## WHAT IS OUR GOSPEL QUOTIENT?

While many of us have been Christians for a long time, we may lack confidence in how to clearly communicate the core of the Gospel and its impact on our lives. The Saturday morning plenary sessions and workshops will inspire and equip us to share the Good News that our communities need to hear.

## TEAM-BASED MISSION

We believe in doing mission in teams. After registration, participants will be divided into teams. With these teams, we will process what we're learning, participate in workshops, pray together, and serve side-by-side in the community.

After the event, we will be debriefing in teams and following up with each other as to how God is leading us in ongoing mission.
